OHIO SAMI CCOE

OHIO REGIONAL NETWORKS

Implementing evidence-based practices (EBPs) for people with mental and substance use disorders

- Integrated Dual Disorder Treatment
- Supported Employment

*Build Trust.
Improve Outcomes.
Promote Recovery.*

The Ohio SAMI CCOE promotes regional networks of agencies and programs that utilize evidence-based practices (EBPs) to serve people with mental illness or co-occurring mental and substance use disorders. The regional EBP networks

support service collaborations and the sharing of knowledge among service providers in community-based programs and inpatient programs in the State hospital system.

OHIO SAMI CCOE

ABOUT US

The Ohio Substance Abuse and Mental Illness Coordinating Center of Excellence (Ohio SAMI CCOE) is a partnership between the Mandel School of Applied Social Sciences at Case Western Reserve University and the Department of Psychiatry at the Case School of Medicine. The partnership is collaborating with and is supported by the Ohio Department of Mental Health and the Ohio Department of Alcohol and Drug Addiction Services.

MISSION

The Ohio SAMI CCOE promotes knowledge development and the implementation of evidence-based practices (EBP) for the treatment and recovery of people with mental and substance use disorders. EBPs are service models that research has demonstrated to generate improved consumer and program outcomes. The Ohio SAMI CCOE currently helps service programs implement and sustain two EBPs:

- Integrated Dual Disorder Treatment (IDDT)
- Supported Employment (SE)
